

The HIV/AIDS Care, Treatment, and Housing Program (CTHP) of the Bureau of HIV/AIDS Prevention and Control, has recently created a new Technical Assistance team. This team, operating within the Policy, Planning, and Implementation unit, is responsible for working with Ryan White Part A funded service providers to ensure technical quality and integrity of programs. This goal will be achieved through regular programmatic monitoring, program assessment and evaluation, and implementation of research-based best practices.

For additional information, please contact Wesley Tahsir-Rodriguez, Technical Assistance Manager at (212) 788-3677 or [wtahsir@health.nyc.gov](mailto:wtahsir@health.nyc.gov).
